NROTC COLLEGE PROGRAM PHOTOGRAPHS

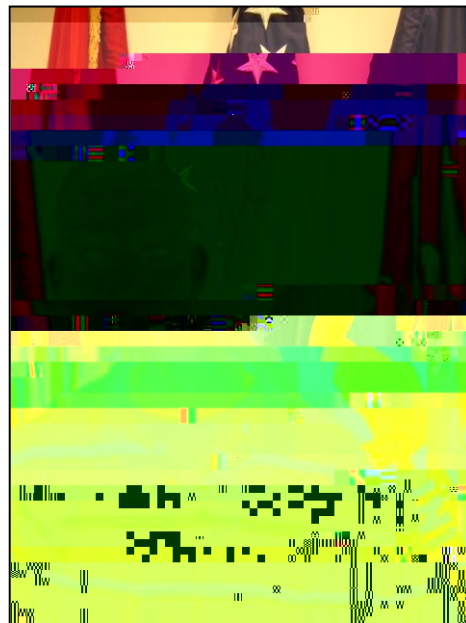

Photographs:

The NROTC unit requires two digital photographs as part of your application. The purpose of the photographs is to determine how you will appear in uniform and to familiarize the unit staff with who you are.

NOTE: -JROTC Students must be in uniform for these photographs.
-Civilian students should wear casual professional attire.
-A plain, non-distracting background is preferred.
-The picture resolution should be a minimum of 1024 x 768.

Please follow these instructions carefully:

1. For the first picture, take a full body photograph. It should appear like the one below (left).
2. For the second photo, take a head and shoulders photograph. It should appear like the one below (right).
3. Save the photographs in .jpg format with the file name "lastname-1.jpg" for the full-body photo and "lastname-2.jpg" for the head and shoulders photo.
4. Email these photos to the JU Recruiting Officer at NROTCrecruiter@ju.edu.

REPORT OF MEDICAL HISTORY (DD 2807-1) INSTRUCTIONS

Instructions for Applicant:

1. Ensure you fully complete blocks 1 to 29, except those blocks already filled in.
2. PRINT your name and SSN in the blocks on the top of pages two and three.
3. Hand this instruction sheet to the medical examiner along with the DD 2807-1 REPORT OF MEDICAL HISTORY.

Instructions for Medical Examiner:

1. Please fill out block 30 (page 3).
2. Please be sure to print your name, sign and date in blocks 30b, 30c and 30d.

REPORT OF MEDICAL EXAMINATION INSTRUCTIONS

Instructions for Applicant:

1. Acceptance is based upon ability to participate in strenuous physical activity and the absence of contagious disease, illness, or history of injury that will or is likely to require medical care and cause restriction of participation during training exercises or physical readiness testing.
2. Special attention should be given to orthopedic and cardiovascular conditions or complaints.
3. Conditions that are considered disqualifying include:
 - a. Symptomatic or recurrent orthopedic complaints.
 - b. Allergies or hypersensitivity to foods, medications, or insect bites.
 - c. History of asthma, seizures or convulsions, head injuries requiring hospitalization, or loss of consciousness.
 - d. Diabetes requiring dietary restrictions or medication.
 - e. History of motion sickness, sleep walking, or bed-wetting since age 9.
4. Specific clinical examinations that are required include urinalysis, hemoglobin and/or hemocrit. When clinically indicated, laboratory test for hemoglobinopathies is recommended.
5. For purposes of this examination, there is no specific limit for defective v17p/JETQq0.0000912 C
